

# Be Part of the Conversation

## CHAT – A Program for New Hearing Aid Users

Are you a new hearing aid user who struggles to be part of the conversation? Join CHAT, CHC's new auditory rehabilitation program focusing on **C**ommunication, **H**earing Aids, **A**dvocacy and **T**echnology. We'll help you improve your communication skills in this 4-week program facilitated by an audiologist and a speech-language pathologist.

### Interactive 60-Minute Sessions On:

- Why communication can break down
- Effective communication strategies
- Hearing aid care
- Technology that integrates with hearing aids
- Best practices in advocacy

Take part in CHAT at convenient lunchtime or evening sessions. The course fee of \$100 is waived for those purchasing hearing aids at the Center for Hearing and Communication.
